

## AIRBUS A320 Type Rating Course

Dear Prospective Pilot Candidate:

Fully approved by the federal government regulatory agency of Canada, AAT Global offers effective and cost efficient training. Our Type Rating program is specifically designed for experienced pilots who want to further their success in the Aviation Industry. We know your time is valuable and that is why we designed a self-paced, online program to prepare you before you start this ground school and full flight simulator course. Your course will consist of 6 segments.

### Internet Training

Our internet training will give you systems training and procedures training . You will be able to prepare for the endorsement course at home, at your own speed. Each module is imbedded with questions that must be answered in order to proceed to the next module. A pass mark of 80% is required in order to qualify for acceptance into the Ground school in Vancouver. Instructors will be available for you via email or Skype.

### Ground School

A instructor will go over all of the systems with you and answer any questions and concerns that you might have had, when you did the online systems training. This will include:

- APU presentation with normal and abnormal operations
- Power plant system presentation including normal, manual and abnormal operations
- Air-conditioning system presentation with normal and abnormal operations
- Cargo system presentation Pressurization system presentation with normal and abnormal operation
- Ventilation system presentation with normal and abnormal
- Bleed system presentation with normal and abnormal operations.
- Fuel system presentation with normal and abnormal operations
- Electrical system presentation with normal and abnormal operations
- Hydraulics system presentation with normal and abnormal operations
- Landing gear with normal and abnormal operations

- Flight controls systems presentation
- Side stick, normal law, and reconfiguration law with normal and abnormal operations.
- Fire protection with normal and abnormal operations
- lighting with normal and abnormal operations
- Cabin pressurization with normal and abnormal operations Doors and oxygen
- Differences training
- Weight and balance
- Performance
- Crew resource management

This will be followed by a 100 question systems test. The pass mark is 80%

#### Scripted Ride

Transport Canada has approved a scripted check ride for the A320 for AAT Global. We will work with you and your partner for as many days as it might take to make sure you know all of the procedures, call outs and check lists for the scripted ride. Your scripted ride is included in the systems modules of the online training.

#### Free Play Trainer(FPT)

Your ground school course is taken in conjunction with our computer based training Free Play trainer. This trainer lets you program the computer and do actual flights from the fully functional trainer. Qualified airline instructors will also tutor you 3 to 5 hours a day to assist you in all aspects of systems and procedures training. This device will sharpen your skills in all aspects of auto flight in normal and non-normal operations. You will program and fly a trip, performing offsets, NDB approaches, ILSs, tracking, Back course approaches and other flight exercises. **This trainer can be used as much as is needed without any extra cost.**

#### Full Flight Simulator

All of the simulator training will take place in Toronto, Ontario at the Air Canada flight training center.

You may elect to do the entire course in Toronto or if Vancouver is more convenient for you, we can do all of the free play trainer in Vancouver but will have to go to Toronto for simulator training.

#### Check Ride Scenario

The following items will be covered in your scripted ride. This will mirror what you will receive on your check ride

1. Abnormal starts

2. Start
3. After start
4. Taxi
5. Takeoff Rwy 26L YVR
6. 2 engine takeoff
7. Climb to 5000 feet
8. Stalls
9. Steep turns
10. Climb to 350
11. Rapid depressurization emergency decent.
12. Cleared to 5000
13. Hold at the VR VOR
14. Cleared for a ILS approach runway 26L VR
15. Truck on the runway
16. Overshoot
17. Fire and fail on the overshoot
18. Cleared for an ILS runway 26L VR
19. Weather at minimums
20. Land
21. Instructor reset
22. Position at the end of Runway 26L
23. Takeoff
24. V1 cut
25. Cleared for a Non precision approach runway 26L
26. Land
27. Uncontrollable APU fire on the roll out
28. evacuation

Your fully qualified Airline instructor will review each day's lesson, homework, all flows, scans, and work with you on any problem areas you might have.

You will accomplish 8 hours as pilot flying and 8 hours as pilot not flying, making up a total of 16 hours. (the PF time is paid by you and you receive PNF time because your partner is paying for his PF time). You will have an evaluation in the fourth session, confirming your readiness for the check ride. If the instructor judges that your performance is satisfactory, he will recommend you for the ride.

### The Check Ride

A designated flight examiner from Transport Canada will examine your final ride. Upon successful completion, you will receive a type endorsement on an Airbus A318, A319 and A320 & 21.

Minimum Requirements for a A320 rating on a Transport Canada license.

The only written exam that is required before you take the flight test is the INRAT written. If you have a current instrument rating from another country, this will be acceptable. After you successfully complete the check ride the following requirements must be met in order to have the type rating on a Canadian license.

Transport Canada has a minimum requirement of 250 hours total time. You also must have a valid pilot's license, either an Airline Transport Rating or have completed the Transport Canada multi crew exam. For those who only require a letter from Transport Canada acknowledging successful completion of your check ride, there are no minimum requirements or medical required. Pilots converting their FAA license to a Canadian license will require successful completion of a Transport Canada Air Law test and have passed a group one medical. For those students who wish the endorsement on their Indian license, please add \$4000.00 dollars to the course cost. This extra charge is to pay for extra specific training that the Indian DGCA requires. All other ratings on foreign licenses do not require a minimum flight time requirement.

### World wide acceptance of Your Rating

Unlike American licenses, Canadian licenses may be accepted in other ICAO countries. For students that hold French or British licenses and acquire 500 hours on type, and undertake a successful JAA simulator check ride with an approved TRTO. You will be granted a JAA/JAR type rating on your Euro license. There are an increasing number of countries (Belgium, Denmark, Australia, Luxembourg, Serbia, Jordan and

others) that only require a letter from Transport Canada acknowledging that you have met all the requirements in successfully attaining a type rating. With this letter, you do not have to write off ANY Canadian exams, nor attend a medical exam and will have the rating endorsed on your license in your domicile country.

## Vancouver Accommodation

Preferred Corporate rate to AATGlobal.

**Travelodge Hotel Vancouver Airport** 3071 St. Edwards Drive, Richmond, B.C. CANADA V6X 3K4  
Tel (604) 278-5155 Fax (604) 278-5125 Website: [www.travelodgevancouverairport.com](http://www.travelodgevancouverairport.com)

2011 Weekly Rate

MAR to APR \$65

MAY to JUN \$74

JUL to AUG \$84

SEP \$74

OCT to DEC \$65

Breakfast is included

## Toronto Accommodation

Preferred Corporate Rate

**Holiday Inn Toronto-Brampton Hotel & Conference Centre** | 30 Peel Centre Drive, Brampton, ON, L6T 4G3 | T: 905.799.6321

Year around rate for a standard room is \$85.00 per night and it includes a hot breakfast

## Employment with your Endorsement

Active has established an agents who are graduates from this school and are flying with Airlines around the world. If you do very well and we recommend you, we will package up your training files, and send out your resume to our agents so that they can actively work to find you a first officers or Captains job on the aircraft you trained for. We also have working relationships with various Airlines. Your resume package will also be sent to them for review. We know that if we find you a job, you will recommend us to others. And it is our policy to financially reward you for any referral.

## Security Check

Unlike the United States, Canada does not require a national security check, or a waiting period. An in-house security check is only required for use of the simulator facilities. This check is done when your application is processed.

#### Visas Required to train in Canada

Afghanistan,Albania,Algeria,Angola,Argentina,Armenia

Azerbaijan,Bahrain,Bangladesh,Belarus,Belize,Benin,Bhutan,Bolivia,Bosnia-Herzegovina,Brazil,Bulgaria,Burkina,Faso,Burundi,Cambodia,Cameroon,Cape Verde,Central African Rep.,Chad,ChileChina, People's Rep. ofColombia
